Kitchen units and kitchenettes – functional solutions designed to meet the requirements of hotels and serviced apartments.

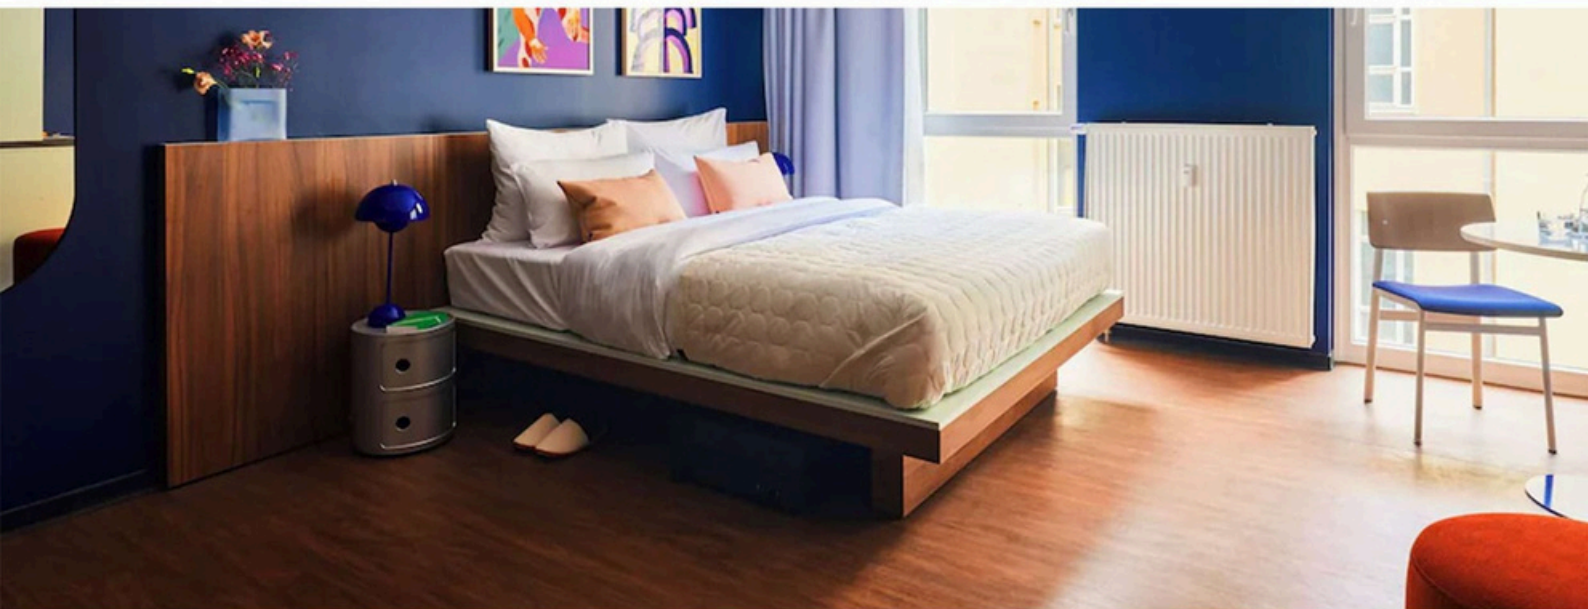

Sofas, armchairs, and lounge elements – combining user comfort with interior-appropriate design.

Reception desks and welcome counters – representative and ergonomic designs that serve as the centerpiece and calling card of any property.

Lobby and common area furnishings – stylish spaces that create a welcoming atmosphere and a positive first impression.

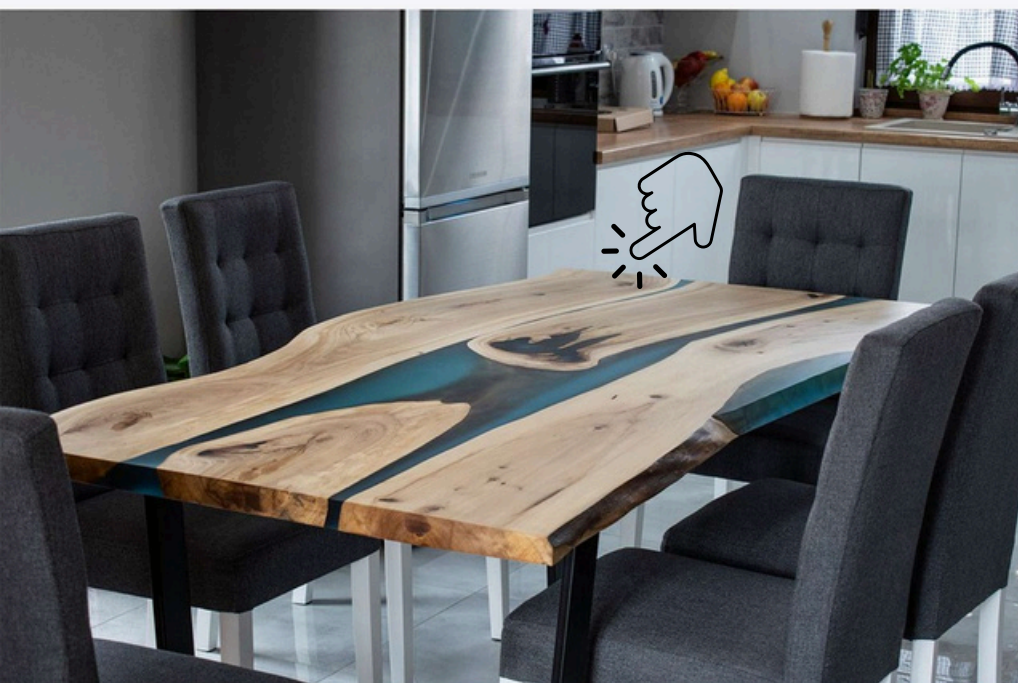

GlassVirtuoso
essence of nature

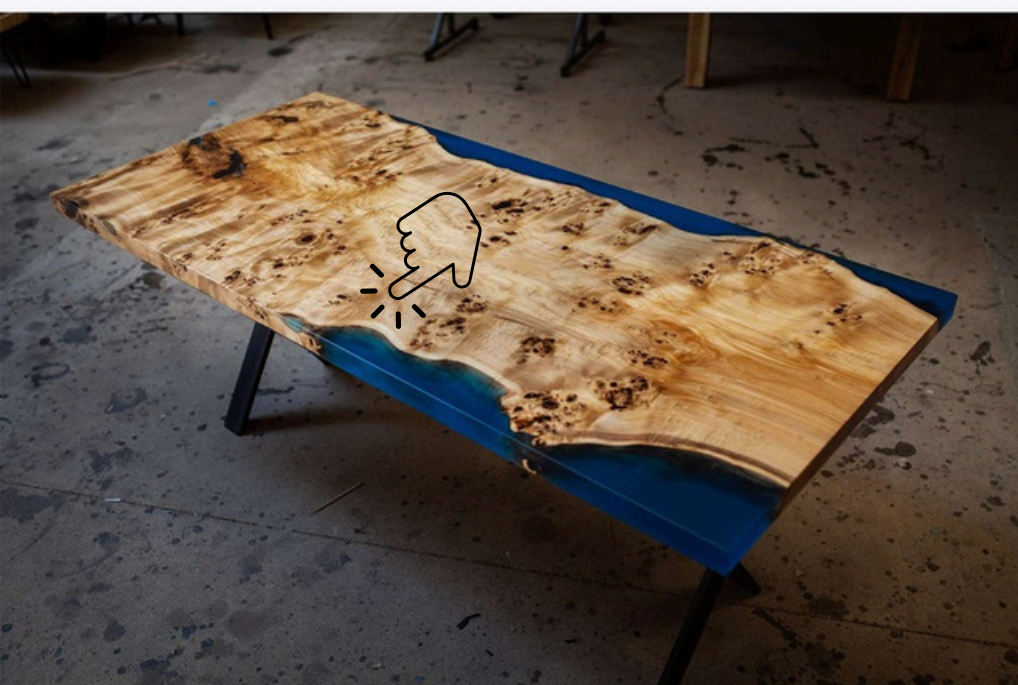

Detail

GlassVirtuos from the detail series was created to meet the needs of our customers who don't want large resin elements in their products. In this case, the resin fills only minimal imperfections in the wood, such as knot holes, natural cracks, and dents. With this collection, you can enjoy a resin table at a significantly lower price!

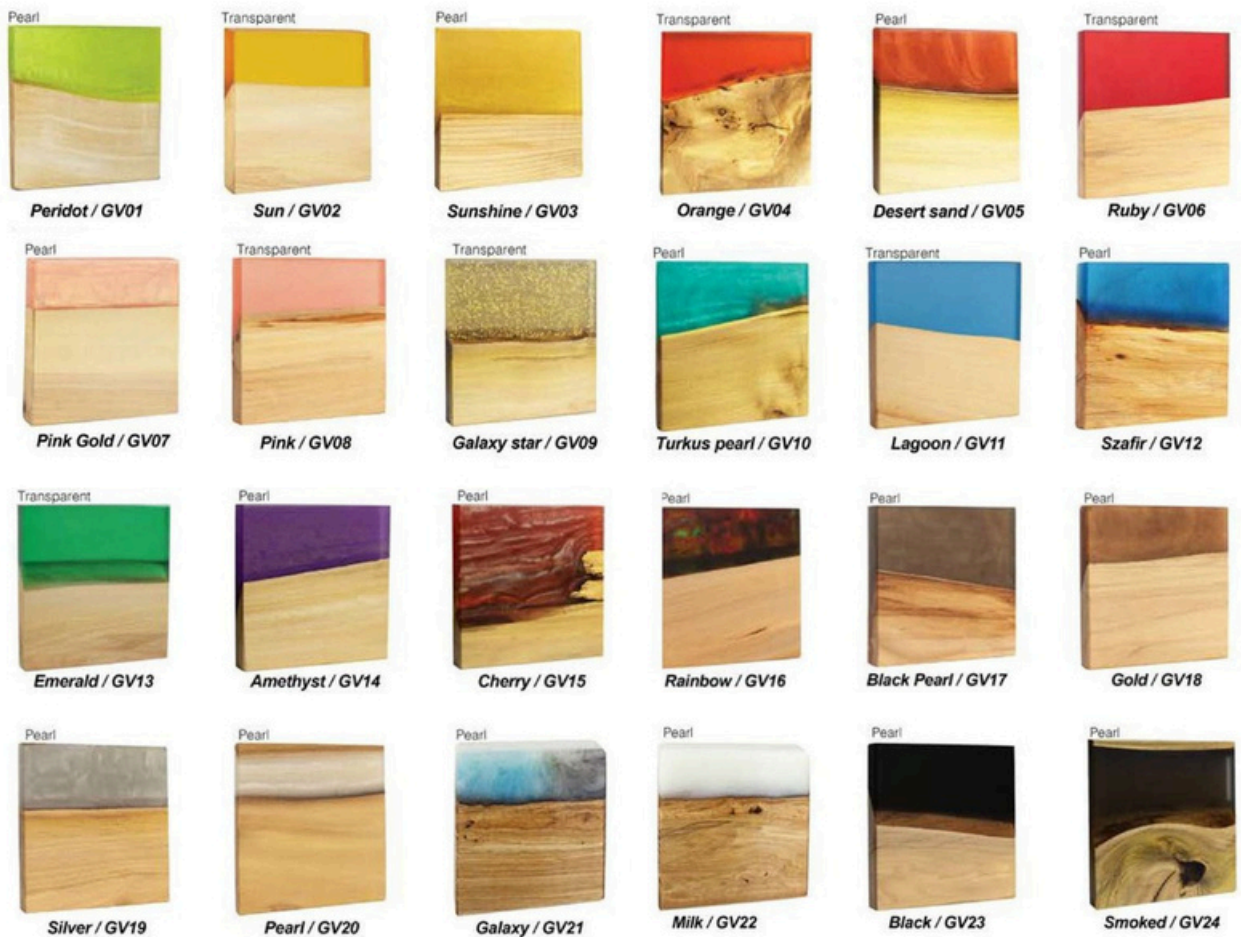

Wild

The Glass Virtuoso - Wild table model is composed of carefully selected pieces of wood, arranged in a lively composition full of dynamics and sharp shapes. The resin in which they are embedded tames their wildness and creates a coherent, complete form.

Island

The GlassVirtuoso - Island table is a unique piece of wood with a distinctive shape and grain, embedded in resin that surrounds it just as ocean waters surround the islands floating on it.

Classic Collection – timeless simplicity shaped by nature

The Classic Collection is crafted from carefully selected solid wood that undergoes a long seasoning and drying process before being hand-finished. Each piece is absolutely unique and one of a kind.

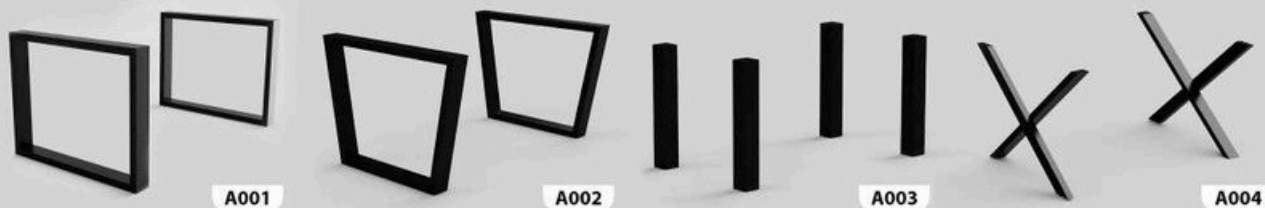

It is the perfect choice for those who value natural beauty in its purest form. The rawness and simplicity of the design harmonize beautifully with the surrounding nature, making the furniture from this collection an ideal choice for interiors meant to evoke a sense of balance and connection with the natural world.

Tables from the Classic Collection are made by joining several planks to create a cohesive and solid structure from solid wood. Each product can be customized to meet individual needs through a range of available configurations.
